COMPANY WITH  
QUALITY SYSTEM  
CERTIFIED BY DNV  
ISO 9001

Cusano Milanino, 2<sup>nd</sup> January 2026

Subject: **The EC Regulation 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (“REACH Regulation”)**

Reference: **All our insulators**

Regarding the items we manufacture, we inform that we have been conducting a communication and due diligence exercise within our supply chain to ensure that we meet our obligations under REACH.

We are also closely monitoring the SVHC candidate list and are aware that the ECHA Member State committee voted to add to add **1 new substances on 05<sup>th</sup> November 2025**, in total **251 substances** on updated SVHC Candidate List.

<http://echa.europa.eu/web/guest/candidate-list-table>

And, as has always been from the first publication of REACH, the main material of our products – polyester resin BMC – continue to be a part of the polymeric class and these substances are exonerated from the obligation of registration, as they were also be considered not dangerous and not problematic in relation to their elevated molecular weight (indeed they haven't a CAS number).

Moreover the other substances contained in our products aren't considered from REACH as they haven't a concentration higher than the 0,1% of the product's weight, as the art. 33 declares.

Anyway we can confirm that, to date, all substances contained within our products have been pre-registered either by our supplier, or by their upstream suppliers.

So at present we hereby guarantee to you that our material is completely congruent with REACH obligations as in object and that none of the chemicals on this list are present in our products.

We are however also aware that, as ECHA add any new substance to the SVHC list in the future, we have a continuing obligation to keep ourselves informed of the addition of substances, as well as communicate any impact to our product as necessary in a timely manner that is compliant to the REACH downstream user communication requirement.

Kind Regards

ERIM s.r.l.
